CONNELLVILLE, PA., FRIDAY EVENING, JANUARY 11, 1930.

PRICE, ONE CENT.

## TWO SMALL SUITS ARE FILED TODAY AT THE COURT HOUSE IN UNIONTOWN.

**Receiver Wants to Recover \$1,000 on Check of Edgar J. Smutz, on Which Payment Was Protested.**

### BALTIMORE MAN IS WANTED.

**County Detective McBeth Having Papers Prepared for Arrest of John Parker—Three License Applications Filed—Assyrian Is Sued.**

UNIONTOWN, Jan. 11.—M. F. Gleason, receiver, has filed suit against Edgar J. Smutz to recover on a check for \$1,000, alleged to have been given by the defendant on August 18, 1929, to the Bessemer Construction & Railroad Company in payment of 1,000 shares in the Bessemer Railroad Company. Gleason claims the stock was delivered but the check, drawn on the Citizens National Bank, and endorsed by Charles Haller, was protested August 21, 1929, before P. Bufano, a notary public.

D. J. King and John A. King, partners doing business as King Brothers, have brought suit against Kennedy Gates, George Gates and George Ramsey, partners conducting business under the name of the Fairchance Construction Company, to recover \$178.54 and interest from October 12, 1929. The plaintiffs allege that they furnished the defendants with feed, but that payment was refused.

County Detective Alex. McBeth is having papers prepared for the arrest in Baltimore of John Parker, who he charged with false pretense by John & Helen, proprietors of the McClelland House, Uniontown. Parker came to Uniontown a year or so ago and ran a big bill at the hotel, representing that he had property. He went off without paying the bill and is now in prison at Baltimore. His term will shortly expire.

Three applications have been filed for liquor licenses, all from Uniontown. Several weeks still remain before all the applications must be in.

The citizens of Bulskin township have been granted the privilege of voting on the cash road tax question at the next election.

Under the law of March 23, 1925, Elias Johns, an Assyrian of Uniontown, has been arrested and placed in jail. Johns was in the fruit business in Uniontown and disposed of his stock in large quantities, without notifying his creditors.

E. Sturgis Shewalter, a clerk in the Prothonotary's office, is confined to his home in the Second Ward here with a threatened attack of appendicitis. He has been poorly for several days past.

### PONCE SIGHTED.

**Long Reported Steamer From Porto Rico Reported Safe From Bermuda in Tow of Tramp Steamer.**

PUBLISHERS' Press Telegram.—BERMUDA, Jan. 11.—The long missing steamer Ponce arrived here today in distress, in tow of the steamer Wabash.

NEW YORK, Jan. 11.—Manager Mooney of the company to which the Ponce belongs received a cablegram from Bermuda this morning which says the Ponce is off Bermuda in tow of the tramp steamer Wabash. The cable is signed "Darrell." Mooney said he has no idea who Darrell is, except that probably he is a commission merchant there.

No further details are given. Mooney cabled for a full report of the Ponce's long trip. The Ponce left Porto Rico for New York on Christmas day. She was last sighted on December 23. A search of the maritime register gives no record of the steamer Wabash. It is probable that the name Wabash is intended and that an error was made in cable spelling.

### VOLCANO IN ERUPTION.

**And Consternation Reigns in Hawaii As a Consequence.**  
HONOLULU, Jan. 11.—[Special.]—The main crater of Mauna Loa volcano on the Island of Hawaii is in eruption. Streams of lava are increasing and are flowing toward the South Kona coast. Thirty-eight earthquake shocks have been felt.

The Lailoua volcano is in a state of minor eruption. Great consternation has spread over the island, but no loss of life is yet reported.

**Licensed at Cumberland.**  
Marriage licenses were issued at Cumberland on Thursday to Samuel Gray and Charlotte Mull, both of Coal Run, Pa., and David Rhodes and Mary Lewis, both of Johnstown.

### A GOOD MONTH.

**Big Sum in Town Collected by Burgess Solsson During December.**

According to the statement made by Chief of Police Detomple, more money was collected in fines during December than at any previous month in the history of the borough. The chief was in a statistical mood some days ago and went through the back docket.

In December, 1929, Burgess A. D. Solsson collected \$319 in fines, as well as a large amount of money in licenses and permits. More money was taken in during the Centennial, but most of this was for licenses, and not fines.

### SWIPED CLOTHES.

**Crook Makes Raid on Line of Squire M. D. Clifford in South Union Township. School Marmas Also Losers.**

UNIONTOWN, Jan. 11.—Squire M. D. Clifford of South Union township has again broken into the limelight of publicity, and this time he is the victim of some despoiling crook. This morning the Squire, very much excited, came into town from his Grant street residence to spread the news that his clothes had been robbed. Thursday Mrs. Clifford did a big washing, not only for the Clifford family, but also for several school marmas who board there. At 10 o'clock at night Mrs. Clifford looked at the clothes, but found them too wet to be taken down. She left them out all night. This morning the lines were bare of clothes.

Mrs. Mike Mroz, who lives nearby, says she saw a large man in the neighborhood yard about 1 o'clock this morning trying to get into a house. He was frightened off and ran to a vacant lot, where he pulled a big bundle from an Assyrian's wagon and made off. The Squire thinks he has a clue to the thief and is making a thorough investigation of the case.

### THEY DON'T FIT.

**Uniforms for Regimental Band Small for Big Connellville Musicians.**

Several members of the Connellville Military Band are having trouble with the uniforms, received from Latrobe, which constitute a part of the equipment given a Regimental Band. It seems that most of the Latrobe men were small of stature, and as a result such men of large build as Chief Musician J. W. Buttrick, "Doc" Buttrick, Salvatore Desandri and others are unable to wear them.

It is highly probable that regulation will be filed for new suits for the big men of the band. Few of the Connellville musicians are small.

### ATTEMPTED HOLDUP.

**Barber Attacked by Four Rousers on Eighth Street.**

Four men attempted to hold up John S. Jordan, a local barber, late Thursday night on Eighth street. A hard scuffle ensued, during which Jordan got the worst of it. The robbers were frightened off before they had a chance to get their victim's wallet.

Jordan lost a valuable ring, but later found it near the scene of the scuffle.

### DEATH LIST ELEVEN.

**Another Victim of Eliza Furnace Explosion Dies in Hospital.**

PITTSBURG, Jan. 11.—[Special.]—Another victim of the Eliza furnace disaster died at the Mercy Hospital this morning, a foreigner whose name is yet unknown. The total known dead now number 11. At midnight a human foot, encased in a shoe, was laid bare from sluz, supposed to be part of another victim of the explosion.

### SHIP MAY BE LOST.

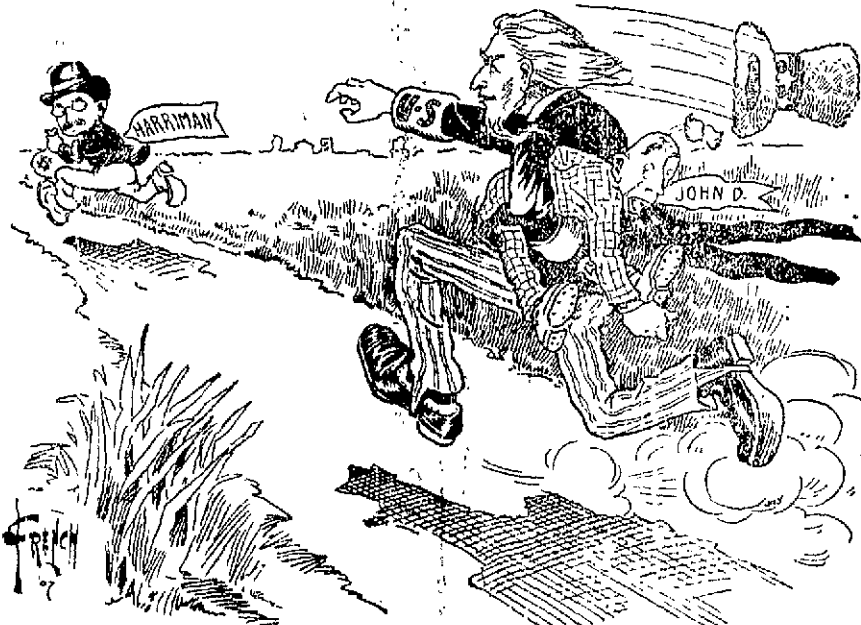

**Had Aboard Nearly 1,000 Japanese Coal and Coke Laborers.**

SALINA CRUZ, Mexico, Jan. 11.—[Special.]—With 922 Japanese laborers aboard bound for the La Perla mines of the Mexican Coal & Coke Company in Coahuila, a steamer, name unknown here, has been overdue several days. Severe storms have been raging on the coast.

Miss Mason Entertains.

Miss Maudie Mason entertained about twenty-five of her friends at her home at South Connellville Thursday evening. The affair was a most enjoyable one, music and games being the amusements until about 11 o'clock when a prettily appointed luncheon was served. The out of town guests present were Miss Flossie Somerville and Thomas Caffrey of Baltimore.

YOUR OLD UNCLE SAMMY CAN'T SPRINT SOME.

## BAR ASSOCIATION HOLD 15TH BANQUET.

**Was Flow of Soul and Wit and Wisdom at Hotel Titlow.**

### SOME CLEVER SPEECHES MADE.

**W. J. Sturgis Was Toastmaster and Was Most Felicitous in His Remarks—Judge Nathaniel Ewing Special Guest of Honor.**

Like its predecessors, the annual dinner of the Fayette County Bar Association last night was "a feast of reason and flow of wit and wisdom, but of the latter a little went a long way. The lawyers were out for a merry time and they had it. The dinner was served by the Hotel Titlow. It is needless to say that I was a triumph of cuisine. The attorneys and their guests of the Fayette county bar, every one of whom he called friends.

The affair was arranged by a committee composed of R. F. Hopwood, C. C. Work, John M. Gore, J. Q. Van Swearingen, W. N. Carr and W. E. Crow, to whom a vote of thanks was rendered. At 2 o'clock in the morning everybody went home happy whether they walked or rode in the water wagon.

### STORE LOOTED

**And Robbed of \$600 in Cash and Valuable Securities After Manager Is Beaten into Insensibility.**

PUBLISHERS' Press Telegram.—FREELAND, Pa., Jan. 11.—Thieves entered the Beaver Meadow Company's store, owned by the Van Winkle Mining Company, early today, beat Manager Miles Harrod into insensibility, tied him to his cot, looted the place, blew open the safe and secured \$600 in cash and a large amount of valuable stocks and certificates.

A posse is in close pursuit of the thieves, who escaped to the mountains.

### FIRE STILL BURNS.

**Blaze in Painter Mine Promises to Be Serious.**

SCOTTSVILLE, Jan. 11.—The fire in the Painter mine is still burning, in spite of strenuous efforts to extinguish it. The fire is more serious than was at first anticipated, and former Mine Inspector Austin King of the M. C. Frick Coke Company, with a large force of men, is hard at work wailing up all apertures to exclude air and another blaze. Several car loads of pipe are being laid to flood the mine.

Owing to the large number of openings leading into other mines, this work is exceptionally difficult. The home mine of Stauffer & Wiley is closed down as a result of the fire, as is part of the Valley mine of the M. C. Frick Coke Company and the mine of the American Sheet & Tin Plate Company near here.

The men overcome by black damp are on a fair way to recovery and no deaths are expected to result from the accident.

It is possible that an effort will be made to drown out the fire by flooding the mine.

## WABASH'S ROUTE DOWN THE YOUGH.

**Engineers and Real Estate Agents of Road Taking Up Right of Way.**

### TUNNEL THROUGH RIVER HILL.

**Span Down River Will Leave at a Point Near Bluestone Quarries and Come Out on Dunbar Creek—New Haven Will Be On Pittsburg Branch.**

Wabash engineers and real estate men have been active in this vicinity during the past ten days. That the Wabash will come down the Yough river from Confluence and Ohio and pass through New Haven there appears now to be no doubt. This week Engineer G. W. Farney and S. M. James of Connellville are at work locating property lines on the Wabash survey down the northwest side of the Yough river. This survey is for the branch of the Wabash that will pass through Uniontown and also to the coal fields of the Monongahela river and the big steel tonnage of that territory by way of New Haven. Mr. James is acting in connection with Eugene Farney for J. M. James, right of way agent for the Wabash interests in charge of the Pittsburg line. Mr. Farney is in close touch with the advance work on the Wabash. For some months he has been busy taking up options in the vicinity of Confluence, Rockwood and Meyersdale.

According to Mr. James, the Uniontown & Wheeling branch of the Wabash will come down the Yough river from Confluence to a point between the two Bluestone quarries. About two and a half miles east of Connellville the river will be tunneled. This will be 2,100 feet in length according to the present estimate and will require a year or more work. The tunnel will come out on Dunbar creek. The Dunbar branch will be tested over as will the tracks of the Pennsylvania and Baltimore & Ohio railroads. The Wabash from there will parallel these two roads to Uniontown and continue on through the Monongahela coal and coke regions crossing the Monongahela river at Little Whiteoak creek, where a bridge, passed at a former session of Congress, provides for a bridge.

Just how the road is to secure an entrance into New Haven has not been stated, but officials of the Wabash are positive that New Haven is to be on the line and that from the town across the river the Wabash will strike across the country to the coal fields of the Monongahela valley.

**William Jennings' Funeral.**  
The funeral of the late William Jennings took place from the residence of his son, Harry Jennings, on South Prospect street, this afternoon at 2 o'clock. Rev. W. A. Ball of the First Presbyterian Church officiating. The services were attended by many friends of the deceased. Interment in Hill Grove Cemetery.

**First in United States.**  
The First National Bank of Uniontown now ranks first in the United States on the bank roll of honor. The First National has a capital of \$100,000 and a surplus of \$1,100,000.

## WASHINGTON COUNTY COAL BOUGHT BY LOCAL PARTIES FOR \$65,600.

**Zollar Farm of 164 Acres Purchased Outright From Brownsville Parties for \$400 an Acre.**

### BACK TO GREENSBURG.

**Mrs. Kelly and Her Daughter Departed From Uniontown.**

Mrs. Kelly and daughter, who had the fight last Friday in a room at the Hotel Titlow, Uniontown, and were lodged in jail, were given tickets to Greensburg by Burgess R. D. Warrman and sent away Wednesday afternoon on the 2:35 P. M. R. R. train by Chief of Police James Shaffer.

The daughter's baby was sent to the Catholic Children's Home to be cared for. The two women lived near Greensburg, and wished to be sent there.

### DIRECTORS ELECTED

**At the Annual Meeting of the Title & Trust Company of Western Pennsylvania on Thursday.**

Directors for the ensuing year were elected at a stockholders' meeting of the Title & Trust Company of Western Pennsylvania here Thursday. Few changes were made on its Board, or in its subsequent organization. W. H. Hughes, who for several years past has been a director and Vice President of the company, recently disposed of his interests to L. F. Ruth. The office of Second Vice President is left vacant. On the Board of Directors, Mr. Hughes' position was also left vacant as well as the vacancy caused by the death of Charles Donnelly.

The organization was as follows: President, L. F. Ruth; Vice President, R. Marietta; Secretary and Treasurer, E. K. Dick. The Board of Directors is as follows: L. F. Ruth, R. Marietta, A. D. Solsson, J. L. Cochran, E. C. Hughes, Harry Dunn, Clair Stillwagon, E. K. Dick, William Gibson, A. W. Mellon and Robert Pitcairn. The regular semi-annual dividend of four per cent. was declared.

### NANCY ZIMMERMAN

**Aged Resident of Pleasant Valley Died Thursday Morning.**

Mrs. Nancy Zimmerman, aged 80 years, widow of the late John Zimmerman, died suddenly Thursday morning at the residence of her daughter, Mrs. Andrew Robbins, at Pleasant Valley, near Mt. Olive. Funeral from her late residence, Sunday morning at 10 o'clock and from the Mt. Olive United Brethren Church at 11 o'clock. Rev. J. T. Huey officiating. Interment at Mt. Olive Cemetery.

Deceased resided at Pleasant Valley practically all her life. Her maiden name was Miss Nancy Over. Since the death of her husband, which occurred about four years ago, she has resided with her daughter, Mrs. Andrew Robbins. She was a member of the Mt. Olive United Brethren Church for over forty years. Her death was unexpected, as she had been in good health considering her age. She passed Thursday morning at her home and after a hearty breakfast. Shortly after breakfast she was stricken with a stroke of paralysis, dying almost immediately. She is survived by seven children, Henry Zimmerman of Uniontown, William and Mrs. John Collier of Pennsville, Curtis Zimmerman of Moyer, Mrs. Andrew Robbins and Mrs. A. P. Stillwagon of Pleasant Valley, and Miss Margaret Zimmerman of Mendon, Westmoreland county.

### WINTER PICNIC

**Held Thursday Evening in Honor of Rev. C. M. Watson.**

A very delightful social event was a winter picnic held Thursday evening at the Christian parsonage on Race street in honor of the pastor, Rev. C. M. Watson, and wife and guest, Miss Ellen Brandon, of New Cumberland. The affair was arranged by a number of the congregation, over 125 guests being in attendance.

### ONLY TWO SENTENCED.

**Light Session of Police Court This Morning.**

There was little doing in police circles over night and only two men were lodged in jail. James Glendon was arrested for being drunk in Baxter's restaurant and got 48 hours from Burgess Solsson this morning. A train rider taken by Officer Bayless of the B. & O. force was given 48 hours for his offense.

**Snow in the Mountains.**  
A light snow fell in the mountain this morning.

### IS A VALUABLE BODY OF COAL.

**Pittsburg & Buffalo Company Building the Largest Coal and Coke Plant in the World Near the Tract—Will Have Pennsylvania Connection.**

A \$65,600 coal deal was closed yesterday by Connellville parties. For \$400 an acre 164 acres of the best coal in Washington county were bought. The coal is known as the Zollar tract, and is located in Amwell township, Washington county. It is close by the coal belt, and which will shortly be developed, by the Pittsburg & Buffalo Company. The purchasers of the coal are George W. Campbell, Jacob Willey, Daniel Sinclair, Grant Hull, John B. Davis, J. W. Buttermore, Anthony Brookman, P. H. Beighley, J. B. Behard, Joseph T. Johnston and Charles P. Bishop. The coal was purchased outright from Dunn & Manzey of Brownsville, who have held it for some time.

The tract is said to be the best lying in Amwell township. It is near one of the big Ellsworth plants which are already shipping coal, and also near the plant of the Bessemer Coal & Coke Company, which this week began the manufacture of coke at Millersburg, near the Greene county line. The Pittsburg & Buffalo Company already have one shaft sunk on their tract in Amwell township. The coal bought yesterday by the Connellville men may be developed by them or sold to the Ellsworth or Buffalo Company. However, they will ask a handsome advance in the price.

The Pittsburg & Buffalo Company have what they claim will be the largest coal and coke plant in the world planned. There will be several blocks of ovens, operated from two or three shafts. Work on the first ovens will soon be started and the completed plant will have 1,600 bee live ovens in operation. Tests of the coal for coking purposes, it is said, have shown that it will make an excellent grade of coke. The railroad connection to the Pittsburg & Buffalo Company, and also to the Zollar tract, should the Connellville people, who though it concludes to develop the coal themselves, would be reached by a branch of the Pennsylvania railroad which is now building up Ten Mile creek.

### LADIES CIRCLE

**Of the G. A. R. Install Officers at Their Regular Meeting Held on Thursday Evening.**

At the regular meeting of the Ladies' Circle of the William F. Kurtz Post No. 164, of the G. A. R., held at Odd Fellows' hall, the following officers were installed for the ensuing year: Vice President, Mrs. Harry Rogers; Junior Vice President, Mrs. Mary Brushner; Chaplain, Mrs. Jane Eccles; Secretary, Miss Louise Babinger; Treasurer, Mrs. F. O. Goodwin; Guard, Mrs. Mary Springer; Conductress, Mrs. David Ritchey; Assistant Conductress, Mrs. Elizabeth Getchell; Assistant Guard, Mrs. Elizabeth Yarnall.

Owing to illness Mrs. Abram Stouffer, the newly elected President, was unable to be present. The officers were installed by Installation Officer Mrs. J. R. Baisley, assisted by Mrs. Ola Gribben, Mrs. Frank Robinson and Mrs. Edward Marsh were the new members taken into the Circle. The meeting was an unusually interesting one, the attendance being unusually large. Squire Jacob Morgan and Smith Dawson of William F. Kurtz Post No. 164, of the G. A. R., were present. A cordial invitation was extended by the Circle to all comrades of the G. A. R.

### ATTENDED BANQUET

**New Haven Firemen at Blew Out in Uniontown.**

The members of the New Haven fire department Thursday evening attended a banquet given by George Matthews, the newly elected Chief of the Uniontown fire department. The affair was held in the Keystone house, J. M. Martin of the New Haven department presented Chief Matthews with an ivory and pearl handled umbrella. Chief Matthews is a personal friend of nearly every member of the New Haven department.

## L. W. FOGG HONORED.

Brier Hill Employees Present Him With Handsome Watch and Silverware.

BRIER HILL, Jan. 11.—At the noon hour today the employees of the Brier Hill Coal & Coke Company and of the Brier Hill Supply Company called on the General Manager L. W. Fogg in the office and presented him with a handsome clock of the pieces of sterling silver and a solid gold watch and chain. The gifts came as a great surprise to Mr. Fogg and he was deeply touched by the mark of appreciation from those formerly under his management.

Mr. Fogg was General Manager for three and one-half years, but spent a few days ago to become General Manager for the Brier Hill Coal & Coke Company. He is succeeded at Brier Hill by Thomas McCaffrey and the latter, in the presence of all the bosses and as many of the employees as could assemble, made the presentation of the silverware and watch.

Mr. Fogg in his reply expressed his sincerest thanks for the presents, the most valuable part of which is the expression of appreciation and good will which they convey and which will never be forgotten. All present expressed regret that the Brier Hill employees engaged in the handling of trains shall not work more than 16 consecutive hours, which period is to be followed by 10 hours off duty.

The one negative vote was cast by Senator Pettus. The penalty for violating the proposed law is a fine of from \$100 to \$1,000.

## LIMITING WORK.

## The Mystery Of the Nerves.

Professional men, as well as laymen, have been puzzled over the mystery of the nervous system, but this much is certain: that nerve force is created from pure, rich blood, and with the exception of the nervous system, diseases of the nerves arise from a thin, watery condition of the blood.

On this principle, Dr. A. W. Chase's New Blood Purifier, a great restorative actually forms a certain amount of pure, rich blood every day. Not only is this treatment scientific, but it cures the most serious diseases which it has attained has proven it to be unequalled as a cure for all diseases resulting from thin, watery blood.

When you cannot sleep well, suffer from nervous headaches and indigestion, brain fog, irritability, trembling or twitching of the nerves, and feel downhearted or discouraged, turn to Dr. A. W. Chase's New Blood Purifier. It is the most certain means of restoring vitality to the nervous system, and of avoiding nervous prostration, paralysis or some of the most terrible consequences. It costs a box, 2 boxes for \$2.50, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

## URIC-O CURED HIM.

Rheumatism Tortured and Crippled Mr. Theo. D. Hinkle, Jr., Kennett Square, Pa.

Dear Friend: You will remember of my writing you some time ago regarding Urlic-O for rheumatism. I took your advice and bought two bottles from your local druggist and began its use at once. Favorable effects were experienced and day by day I improved. I have used the three bottles and can truthfully state that I am a well man.

Urlic-O has cured me in many instances of rheumatism as ever existed. My suffering for months was intense, some nights not able to get one moment's sleep, could not raise my right hand to my head—had to do all with my left. I could not even dress myself for over three months. My trouble being inflammatory rheumatism, had settled in my right arm and shoulder, crippling me I thought, permanently. This is the third letter I have written, a thing hardly expected to be able to do again, as I did not think I could possibly recover from the terrible effects of the disease, as you knew I am just the last score year on the way to the "New Jerusalem." I am happy to state that after suffering so long with the most painful form of rheumatism, that Urlic-O has cured me and nearly normal conditions exist. My former condition is improving and I am now 58 years old, sleep well again, eat well and as hale and hearty as a man of my age. I thank you again most heartily for recommending Urlic-O to me. I can now recommend it to my friends.

Thos. H. Hinkle, Kennett Square, Pa. This marvelous specific is sold at 75 cents a bottle, two bottles for \$1.00. It is a blood cure for all forms of rheumatism, acting upon the blood, muscles and joints. Urlic-O is a blood purifier and is prepared to furnish doses three times daily and must be used for rheumatism only, the other ailments of the joints and circulatory explaining the treatment.

The store of F. E. Markell is the Urlic-O store in Connelville.

### THE WABASH.

There has been a great deal of delightful uncertainty as to when and where and how the Wabash railway will come into the coke region. Its coming sooner or later has never been doubted.

The taking up of rights-of-way along the Youghiogheny river indicates that the survey down that way has advanced to something more definite than the scouting stage. The construction of the line into the Greene county coal field is now only a question of a few months. The valuable coal deposits there are getting into the hands of development companies and the demand for railway facilities cannot remain unheeded.

The late President of the Wabash made a loud noise about his operations from time to time, but the present management seems to be working much and talking little. We may expect to hear something drop with the sound of the birds this spring.

### CHEAPER RENTS.

There is a rumor in the air that landlords about Connellsville are going to be more generous to their tenants the coming year and that reductions in rents will be the rule.

While rents have in some instances been too high and should in all conscience be readjusted, the demand for houses has suffered no sensible diminution, and we fear it is too much to expect pure benevolence of property owners. Most people rent their properties for what they can get and all they can get. They cannot be criticised too severely for this inasmuch as they have no assurance that it will continue indefinitely. Many things conspire to reduce values as well as to expand them. The thrifty farmer makes hay while the sun shines.

There has been a great deal of building in Connellsville and it goes on without ceasing, but it has not reached the point when there is any surplus of houses. Until that time, tenants may not look for cheaper rents.

### BASEBALL AND EXERCISE.

We confess that we don't know much about professional baseball except that it has become a highly speculative business instead of a healthful recreation for young men and boys. Some recent remarks on the subject have been made by the Washington Reporter.

The estimated Courier is reminded that customs change with the march of time, and while a baseball for fun in the "good old days" was all right, this is a more progressive age, and to play the game for money and for nothing would be considered rather slow by the "baseball fans."

The Reporter, however, does not seem to speak for all of Washington

town. A correspondent from that place writes us as follows:

Your stand that baseball has "become a speculative game as well as a sport" is well taken.

Concededly, it appears to be taking the "ginger" out of the good old game of baseball, as well as many other enjoyments we used to have.

I feel that the same "speculative spirit" has also entered football over the country among the supposed "beats of knowledge."

When they put baseball on a money basis it certainly knocks sky-high enthusiasm.

There can be no serious objection to people sitting out the ball game instead of playing it out, if they feel that way. The only point we were in our weak and feeble manner trying to make was that the rising speculation was not getting that full measure of athletic benefit out of the game that they did in former days when they played it themselves instead of sitting around on the benches smoking cigarettes and exercising nothing but their gagging tongues.

### GREENE COUNTY COAL.

Connellsville capital is going into the coal fields of Greene and Washington counties. The Fayette county coal is all in the hands of operators. People who want to have to go outside for it now, and the discovery that the Greene county coal and part of that in Washington county is practically an extension of the Lower Connellsville region has directed attention that way.

Those who have witnessed the almost fabulous rise in the prices of Connellsville and Lower Connellsville coking coal lands are more than willing to invest in the coal lands across the Monongahela at the present prices. They expect to reap a rich harvest in the future, and there is every reason to think that their expectations will be fully realized.

### THE BAR ASSOCIATION.

The bar banquets and picnics are never solemn affairs and seldom very serious. They are not held for that purpose. The stress and strain on the mentality of the legal profession is very great and periods of relaxation are wise and proper. The lawyers of the Fayette county bar do not as a whole relax enough. There are exceptions to this rule, however, and they run largely to the Pike.

There is another object in these social unions of the legal profession. It is the knitting together of the ties of personal friendship. The practice of the law like the conduct of a newspaper, is a strenuous life full of hand-to-hand verbal encounters, which are trimmed of their sharp edges by such personal associations as these.

The press of Fayette county ought to follow the example of the bar and get closer together.

The Bryers case has become the cause celebre of Westmoreland county. A cause celebre, it ought to be explained, is that particular kind of litigation which gives all the money to the lawyers.

Cashier Rinehart is doing a good coal business since he retired from the banking business, but it is affiliated with the bank's business.

Hotel deals haven't been vetoed in Westmoreland.

Many of the lawyers are good singers. It's a pity they are not permitted to warble to the jury occasionally, just to break the monotony.

The Uniontown pastor who is reported to have received \$175,000 from a repentant sinner sowed good seed.

An earthquake is reported in Central Pennsylvania, but the State Capitol and trimmings are safe.

It is proposed to cut down the railroad man's time to sixteen hours a day by Act of Congress. It will be a reward for employees and patrons. Both will have more assurance of personal safety.

It is presumed that mining and coking operations on Shady creek will not make the waters any worse.

Little Washington is paying some little bonuses to industrial establishments. The bonus industries are the kind to view with suspicion.

The News tells us that the H. C. Frick Coke Company employs 1,874 men. It's a bigger concern than that. When you see it in The News it's no sign it's true.

Connellsville coal buyers have crossed the line and are now invading the coal lands beyond the yellow Monongahela.

It is to be hoped that amid the multitude of bank directors chosen during the past week none will so far forget their duties as to cease for one moment to direct.

### The Retort Courteous.

The Rockwood Leader avers that the public feels voraciously upon mendacity.

A lot at the Somerset papers during a hot campaign would indicate that there is some foundation for the pessimistic remark, at least among the Frosty Sons.

The Waynesburg Messenger charges that the newspapers and correspondents have been drawing on their imaginations in connection with the Farmers and Drivers Bank, however, that there is little else to draw on.

The Homestead Press is in sympathy with the noble art of self-defense and wants boxing permits to be issued without the aid or consent of the District Attorney.

It's a pity that such zealous sporting blood is hampered by the iron fetters of the law.

The Washington Observer is preparing a bill authorizing townships to issue bonds for road building.

Boroughs are permitted to issue bonds for street improvements. There would be no good reason why townships should not have the same power.

The Johnstown Democrat calls Connellsville to account for the filthy and un-

WHEN CONGRESS GETS A MOVE ON.

finished condition of the city's streets and declares the candidacy of members for re-election is unparliamentary.

The quality constitutes 90 per cent. of the average local politician's make-up, and it is the people's fault if they approve it.

### Faith Cure the Only Remedy.

Connellsville Notary.

The Connellsville Courier adds to the list of maladies which the doctor cannot cure, that of "a mean disposition." It might also add with all due regard for truth have stated that not far from there a patent medicine "guaranteed" to knock this disease out of the human system.

### After the War Is Over.

Washington Observer.

The Connellsville Courier in mentioning the fact that there is a trolley war on between connecting lines in Fayette county declares that "the public always views such conflicts with equanimity" and "that the more the trolley companies fight the better the public will like it." Such rivalry means "roadster" in rate for passengers, hence the satisfaction of the esteemed contemporary over the trolley war. This satisfaction is natural, but it would be enhanced if there was not that assurance that "after the war is over" there would be no reduction in rates as has been done in similar cases.

129, 131, 133 N. Pittsburg St., Connellsville, Pa.

### THE WEATHER.

Western Pennsylvania.—Rain or snow Friday; brisk to high winds; Saturday probably fair.

## the Shelves Emptying

We want to convince you that we are in earnest about selling everything possible before stock-taking time comes around, and the best way we know is to ask you to visit the store and take a look at the bargain tables. We want the room and we want to turn these goods into money and a look at these goods and the prices at which they are marked will do more to convince you that we are in earnest and determined to sell these goods, than anything we can say here. All that we ask you to do here is to take a look at the goods and we are worth your while investigating.

## Coats and Suits and Furs.

One-fourth off on all of these and if you've a want in any of these we believe you can be satisfied from this stock. Call special attention to the suits because every one is of the late fall styles, suitable for just the kind of weather we are having now. The past week has been a brisk selling in this department, and we intend to keep it up until we close out every garment. Every day you put off coming means that many less for you to choose from.

## Embroidery Bargains.

We have a table full of these at 10¢ the yard. Some are worth 15¢ the yard and some as high as 25¢ the yard. Inspections to match many of the embroideries included in this lot of bargain embroideries.

## Muslin and Underwear Bargains.

A table full of these at one-fourth less than the marked price. If you will take a thought of the present prices of muslin and consider that these are one-fourth less than the old prices you will see what a bargain this means.

## Dress Goods and Silk Remnants.

A table full of bargains that makes a trip to this store worth your while. Some of these more than a half less than the original prices of the goods. Some of the Dress Goods remnants have enough in them for a separate skirt; others enough for children's dresses. Some of the Silks have enough for a waist, while others, suitable for trimming, have only a yard of two in them.

## Bed Spreads.

White and Colored Spreads that sold for \$2.50, \$3.50 and \$4.00. Some of these have displayed in the window; others slightly soiled in handling, and for that reason you can buy them for one-third less than original prices.

## New Rugs.

You will be able to buy room size rugs the season through, perhaps, but chances are that choice patterns are going to be scarce. Manufacturers claim that more rugs have been sold than can possibly be delivered. This is especially true of high grade Body Brussels and Velvets. Most of our rugs for the coming selling season are in stock now. Choice patterns that will not be shown later on. If you want to do your choosing now we will take care of you—rugs will be ready for it.

#### ESTABLISHED CHURCH

Trinity Evangelical Is Now  
One in Scottdale Says Pastor Steelsmith.

AND IT IS NEEDED, TOO.

Gives His Views on Those Who Would  
Forbid Others to Refrain From Attendance—Other News of the Lively  
Mill Town—Red Men Entertain Distinguished Guest.

SCOTSDALE, Jan. 11.—Interest is increasing in the meetings being held by the Trinity Evangelical Mission on Bridge street by the pastor, Rev. P. D. Steelsmith, 24 penitents having come to the point of baptism. "It is not a wild-fire meeting nor one of excitement," said the pastor in speaking of the services, "but if the interest grows we shall have to provide larger accommodations." The congregation is large, but particularly so on Sunday evening. The need of more accommodations signifies that we are already an established church in Scottdale, and a real factor in the evangelization of the town and community. This is a very essential inasmuch as there are yet many in town who forbid their wives attending religious worship

which are not conducted in harmony with their views." Kinoka Tribe of the Red Men entertained a distinguished visitor on Thursday evening, Chief Record Keeper T. B. Donnelly of Philadelphia, who is considered the best posted man concerning the Red Men in America, since he has kept the records for a score of years.

The American Sheet & Tin Plate Company has posted the list of pay days for the year, as follows: January 26, February 16, March 2, 16 and 30, April 13 and 27, May 11 and 25, June 15 and 29, July 13 and 27, August 10 and 24, September 11 and 25, October 12 and 26, November 16 and 30, December 14 and 28, and January 11, 1938.

Ritter & Conley of Pittsburgh have sent a large gang of their structural workers here and they are getting busy with several car loads of structural steel that have already been sent in for the frame work of the new plant of the U. S. Cast Iron Pipe & Foundry Company, one of Scottdale's. The addition to the machine shop is under roof and installation of the machinery is all that is needed.

Several people of this locality will likely attend the meeting of Supervisors of Westmoreland county, which is to be held in Greensburg on January 22. State Commissioner of Highways J. W. Hunter will be there.

Samuel E. Reed has bought a half interest in the store of J. O. Lundenburg and is now employed there, having decided to give up the carpenter trade.

The fourth monthly supper and meeting of the Bible Extension Club will

be held in the Y. M. C. A. rooms this evening. After the supper Mrs. L. H. Leitzel will read that beautiful and classic story of Eugene Field's, "The Other Wise Man."

A. R. Basler was a visitor in Connelville on Thursday. The 18th anniversary of the founding of Branch 98 of the Catholic Mutual Beneficial Association will be observed in Temperance hall, next Wednesday evening, with a reception and dance. The music will be by Kiefer's orchestra.

The attraction at the Geyer Opera House next Tuesday evening will be "What Happened to Jones." It is said to be a really good farce played by an excellent company.

Order The Sunday Courier from your carrier. Miss Mary Trimble, one of Scottdale's prettiest young girls, is suffering from a severe attack of grip, and her many friends of Scottdale and Connelville wish her a speedy recovery.

#### From Westmoreland's County Seat.

GREENSBURG, Jan. 11.—The famous Byers case was argued before Judge Steel in Orphan's Court yesterday. This case involves an estate valued at over a quarter of a million dollars. W. H. and S. W. Byers were represented by Robbins & Kunkle, Beacom & Nowell appeared for Frank Byers, Rev. Forner, formerly of Scottdale, figures in the case, as he was "Uncle Jake" Byers' legal advisor. There are several wills in question, and it is claimed that Rev. Forner unduly influenced Byers. Mrs. Frank Byers moved the old gentleman during his last days, and she claims that he agreed to leave everything to her. The case has attracted widespread attention.

Michael Seller, proprietor of Hotel Arlington in Jeannette, and well known in Connelville, has a deal on for the purchase of the Hotel Elmit in Greensburg. The Elmit is one of the oldest hostels in Greensburg. It has been in the Elmit family for many years and the present proprietor is Charles P. Elmit. The deal will be closed next Tuesday. Seller will sell the Arlington to his brother-in-law. A double transfer of license will be asked for at the coming term of license court.

Greensburg people are still congratulating themselves on the fact that no typhoid fever germs can be found in the city water. They are drinking long and deep at the faucet, for State authorities and other eminent chemists have said that there is no danger from typhoid in the water.

Captain John Burland of Troop A has completed his report for the year. He reports good progress in drill work of the troop boys, and only one man wounded in action. This is Private P. B. Hershler, who was shot at Alderson last fall, but who recovered in a few weeks.

#### INSURING BANK.

Former Cashier Rinehart Continues to Dispose of His Coal Lands.

WAYNESBURG, Jan. 11.—Former Cashier J. B. Rinehart, of the closed Farmers & Drivers National Bank, continues to dispose of his coal hold in Greene and Washington counties. Record today was made of the transfer of his interest in three blocks, four-fifths of his share of a tract in Franklin, Wayne and Center townships were transferred to the bank and the remaining one-fifth to Rinehart's attorney, P. P. Jones, of Pittsburgh.

Two other blocks, one in Alleppo township and the other in Morris township, Washington county, were transferred to the bank. The exact acreage of these blocks is not known. The coal disposed of by Rinehart has brought the uniform price of \$200 an acre.

Waynesburg people are complaining now of the government investigation. They claim the money turned into the bank on notes and papers is draining the town and county of ready cash which is cut away just as quickly as it is received. The money stringency is becoming more acute and there are few who do not feel its effects.

## MINERS ENTOMBED BY A CAVE-IN.

Schloss Works Near Montgomery, Ala., Scene of Disaster Today.

NO DETAILS YET OBTAINABLE.

First Rescue Party Has Already Entered the Pit and a Second Is Being Organized—Will Be Some Time Before There Can Be a Rescue.

Publishers' Press Telegram.  
MONTGOMERY, Ala., Jan. 31.—One hundred miners have been entombed as a result of a cave-in at the Schloss mines in Calhoun county, according to a telephone message just received here. It is not known if any of the men were killed outright, but owing to the extent of the cave-in, it will be hours before they can be reached. The accident is said to have been caused by defective timbering.  
One rescue party has already entered the mine and a second is being organized. No details of the collapse have yet been received.

Forty persons were drowned on the island of Simulu and reports from other islands state the loss of life is large.

### CLANSMAN TONIGHT.

Advance Sale of Seats Has Been the Largest on Record.

There is every evidence that the Colonial Theatre will be filled to overflowing this evening when the curtain rises on "The Clansman," a dramatization of Dr. Thomas Dixon, Jr.'s two books, "The Clansman" and "The Leopard's Spots." It is a rare treat for Connelville theatregoers to see a play which has set the country agog from the Atlantic to the Pacific. "The Clansman" is the Southern's "Uncle Tom's Cabin" and represents the attempt of a learned man of the South to accurately portray conditions that actually existed after the Civil War. This is a period of the country's history that Northern writers have kept silent of.

The company is an excellent one. In addition to a large and capable cast and elaborate scenery, five horses are carried by the troupe. It will arrive from Butler, Pa. at 2:10 this afternoon. Special cars will be run from Mt. Pleasant at 7 o'clock, from Scottdale at 7:30 and from Uniontown at 7 o'clock, direct through to the Colonial Theatre.

### TEAM RAN AWAY.

Exciting Chase That Had a Fortunate Termination.

A two horse team drawing a wagon of The Avenue Company ran away on Church place this morning. Fred Smith and Joseph Barnes, who were on the wagon, tried to stop the horses, but to no avail. They then jumped. The animals ran down the street and turned south down Arch street. One of the horses fell on the bridge across Connel Run. No damage was done.

### DIVORCE FOR MRS. JOHNS.

Letter Written by Husband Plays Leading Part in Testimony.

A divorce has been recommended for Roxanna M. Johns of Leisencoring by L. B. Brownfield, who has filed his report. The libellant was married to Charles W. Johns at Cumberland in 1898 and they lived together at Dickerson Run and other places in Fayette county until November 12, 1901, at which time he deserted her.

He gave no reasons other than a letter which he left, saying: "Well, you can choose your own course in the future. I have left you and for good. You can sleep as long as you like in the morning and go where you please, and it will be useless for you to look for me, for I am going where nobody will find me."

The letter was mailed to her from Dawson. It is believed that he is working in Harrisburg.

### THUGS ON B. & O.

Attempt to Enter Station Operator's Office at Eureka.

On Monday night it is said two men with drawn revolvers tried to gain entrance to the operator's tower at Eureka station, near Smithton. The operator saw them and kept them away at the point of a revolver.

An aged watchman at the same place on the railroad was reported assaulted. Two men on their way to Smithton from Jacob's Creek were reported robbed by the same men after they left the tower. When the operator tried to leave his tower he found the men had tied the door of his tower. He had to leave by a window.

## The Wright-Metzler Co. Are Conducting Two of the Greatest Sales Fayette County Has Ever Known.

The Wright-Metzler Co. have inaugurated two of the greatest sale movements ever attempted in this section of the State. One affects the pre-inventory reduction of stock in their large Connelville establishment; the other will accomplish the entire clearance of the big Hankins & Hogsett stocks in the Uniontown store.

### Why These Sales Are of Especial Import.

There has never been a season with weather conditions so utterly at variance to usual climatic conditions, and there is not a stock of merchandise in the country but that is larger than it should be at this time, larger than in any previous season and due solely to the unseasonable weather.

It will be readily understood then why price concessions should be more radical than ever before, for it is absolutely necessary to successful merchandising that no stock should be carried over from one season into another, and that we have conformed to present conditions is evidenced by the sweeping and unusual price reductions that prevail throughout our stores.

In the Uniontown establishment conditions call for even more radical action on our part than even backward weather conditions would justify, for we intend to give to Uniontown an establishment fully equal to our Connelville store, and in order that this may be accomplished in the fullest sense of the word, it is imperative that the Hankins & Hogsett stock should be entirely disposed of, for it is well known that the Wright-Metzler Co. will offer to their public nothing but the newest and most correct merchandise, and for this reason we have reduced the Hankins & Hogsett prices without regard to cost or loss.

For these reasons then these two sales are pre-eminently successful. The one in Connelville because the little prices deal with merchandise strictly new and absolutely faultless in every respect at the lowest prices we have ever quoted on our stocks. The one in Uniontown, because we are determined to entirely dispose of this stock and quickly, regardless of the quality or quantity of any group of merchandise; the price has been cut to a point that will insure immediate movement. The real reason that our sales become more successful each year is that we have never misrepresented a value and have always done absolutely as we advertised to do. So people have come to know that no matter how improbable an advertised article may appear, that it must be all that we claim it to be.

Both our Connelville and Uniontown establishments are crowded to their utmost capacity, proving the power of honest and successful merchandising.
